

МАТЕМАТИЧЕСКИЙ СБОРНИК
Том 122 (164) (1983), вв. 1-4
MATHEMATICS OF THE USSR-SBORNIK
Volume 50, Numbers 1-2, 1984

AUTHOR INDEX

Abrosimov, A. V. <i>Complex differential systems and tangential Cauchy-Riemann equations</i>	399
Aminov, Yu. A. <i>Isometric immersions of domains of three-dimensional Lobachevsky space in five-dimensional Euclidean space, and the motion of a rigid body</i>	11
Andrianov, A. N. <i>Duality in Siegel's theorem on representations by a genus of quadratic forms, and the averaging operator</i>	1
Badzhadi [Badjadi], A. and Demidov, A. S. <i>Existence, nonexistence and regularity theorems in a problem with a free boundary</i>	67
Beletskii, P. M. <i>Dense subclasses in some varieties of two-step nilpotent groups</i>	369
Bondareva, I. N. <i>The Korteweg-de Vries equation in classes of increasing functions with prescribed asymptotics as $x \rightarrow \infty$</i>	125
Buyalo, S. V. <i>Volume and the fundamental group of a manifold of nonpositive curvature</i>	137
Chueshov, I. D. <i>The existence of statistical solutions of the stochastic system of von Kármán equations in a bounded domain</i>	279
Demidov, A. S. See Badzhadi [Badjadi], A.	
Ėndryushka, S. Yu. <i>The intermediate Jacobian of a three-dimensional conic bundle is a Prym variety</i>	269
Ėrikke [Jöricke], B. <i>The relation between the solid modulus of continuity and the modulus of continuity along the Shilov boundary for analytic functions of several variables</i>	495
Galstyan, S. Sh. <i>On everywhere divergent trigonometric Fourier series with rapidly decreasing coefficients</i>	151
Ibragimov, A. I. <i>Some qualitative properties of solutions of the mixed problem for equations of elliptic type</i>	163
Ivanov, A. F. <i>On an "arithmetic" functor</i>	533
Ivochkina, N. M. <i>A description of the stability cones generated by differential operators of Monge-Ampère type</i>	259
Kolmakov, Yu. A. <i>Residual finiteness with respect to conjugacy of free polynilpotent groups</i>	299
Kolosoov, V. E. <i>Normal fibrations of polyhedra, and duality</i>	177
Korobeinik, Yu. F. See Le Khaí Khoí.	
Le Khaí Khoí and Korobeinik, Yu. F. <i>Representing systems of exponential functions in polycylindrical domains</i>	439

- Leonov, A. S. *On the solution of linear ill-posed problems on the basis of a modified quasioptimality criterion*..... 387
- Lukashenko, T. P. *On properties of functions of bounded variation on a set*..... 41
- Maslov, V. P., Omel'yanov, G. A. and Tsupin, V. A. *Asymptotics of some differential and pseudodifferential equations, and dynamical systems with small dispersion* 191
- Maz'ya, V. G., Nasarov, S. A. and Plamenevskii, B. A. *On the singularities of solutions of the Dirichlet problem in the exterior of a slender cone*..... 415
- Mit'kin, D. A. *On estimates and asymptotic formulas for rational trigonometric sums that are almost complete*..... 513
- Nadirashvili, N. S. *On the question of the uniqueness of the solution of the second boundary value problem for second order elliptic equations*..... 325
- Nasarov, S. A. See Maz'ya, V. G.
- Novruzov, A. A. *On an approach to the study of qualitative properties of solutions of nondivergence elliptic equations of second order*..... 343
